

Spartan Chemical Company, Inc. Material Safety Data Sheet

SECTION I: PRODUCT INFORMATION

Product Name or Number (as it appears on label): CONTEMPO COFFEE & TEA SOLUTION

Product Number: 3138

Product Division: Janitorial

Spartan Chemical Company, Inc.

1110 Spartan Drive Maumee OH 43537 Product/Technical Information: 1-(800)-537-8990

Medical Emergency: 1-(888)-314-6171 (24 hours)

Chemical Leak/Spill Emergency: CHEMTREC 1-(800) 424-9300 (24 hours)

Shipping Description: Non-Hazardous Products

NFPA Ratings:	HMIS Ratings:
Health: 1- Slight	Health: 1- Slight
Fire: 0 - Minimal	Fire: 0 - Minimal
Reactivity: 0 - Minimal	Reactivity: 0 - Minimal
	Pers. Prot. Equip.: See Section VIII

SECTION II: HAZARDOUS INGREDIENTS

(Listed when present at 1% or greater, carcinogens at 0.1% or greater) All component chemicals are listed or exempted from listing

on the "TSCA Inventory" of chemical substances maintained by the U.S. Environmental Protection Agency.

				Table Z-1-A	_	
Chemical Name(s)	%Wt	CAS Registry No.	TWA mg/m³	STEL mg/m³	CEILING mg/m³	NTP, IARC or OSHA Carcinogen
Citric Acid Propylene glycol Oxalic acid	10-15 1-5 1-5	77-92-9 57-55-6 144-62-7	Not Established Not Established	Not Established Not Established 2 (ACGIH)	Not Established Not Established Not Established	No No No

SECTION III: PHYSICAL DATA

Boiling F	Point: 212 °F	Vapor Pressure: U	nknown
Vapor Density (AIR	= 1): Unknown	Solubility in Water: C	omplete
	pH: 1.0-3.0	Specific Gravity (H ₂ O=1): 1.	01 @ 75 F
Evaporation Rate (but.ace	e.=1): <1	Percent Solid by Weight: 10)-20%
Physical S	State: Liquid		
Appearance & (Odor: Clear liquid very little odor		

SECTION IV: FIRE & EXPLOSIVE HAZARD DATA

Flash Point:	>205 °F	Method Used: ASTM-D56
Flammable Limits:	Not Established	Flame Extension: N/A
Extinguishing Media:	Product does not support combustion	n. Use extinguishing media appropriate for surrounding fire.
Special Fire Fighting Procedures:		d breathing apparatus and protective clothing. Cool fire-exposed
Unusual Fire & Explosive Hazards:	Combustion products are toxic.	

Threshold Limit Value:		Primary Routes of Entry: Inhalation, Skin Contact, Eyes; Oral
		otoms may include pain, redness and swelling.
Conditions to Avoid:		oms may include nausea, vomiting, pain and diarrhea.
	and coughing.	e respiratory irritation: Symptoms may include nasal discomfort
		hing. Do not taste or swallow. Avoid breathing product mists.
	Wash thoroughly after handling.	g, 20 not those or chancers , work mountaining product interest
Conditions Aggravated by Use:		eexisting skin; eye and respiratory disorders including asthma and
33 : : : : , : : :	dermatitis.	
Emergency & First Aid Procedures:		
Eyes:	Flush eyes with water for at least 15 r	ninutes. Remove contact lenses. Get medical attention.
		h skin thoroughly with soap and water. Get medical attention if
	irritation persists. Wash contaminate	d clothing before reuse.
Ingestion:	Do not induce vomiting. Drink one or	two glasses of water to dilute product. Get medical attention. Do
	not give anything by mouth to an unc	
Inhalation:		
Stability:	Stable	Incompatible Materials: Strong alkalis; hypochlorites (chlorin
		<i>,</i> .
Hazardous Decomposition Products:	Carbon manayida Carbon diayida	bleach); aluminum and other reactive metals. Hazardous Polymerization: Will Not Occur.
Hazardous Decomposition Products:	Carbon monoxide, Carbon dioxide	<i>,</i> .
		metals.
Hazardous Decomposition Products:		metals.
SECTION VII: SPILL OR LEAK PROC	EDURES	metals. Hazardous Polymerization: Will Not Occur
SECTION VII: SPILL OR LEAK PROC	EDURES Small spills of one gallon or less may	metals. Hazardous Polymerization: Will Not Occur be flushed with plenty of water to sanitary sewer system (If
SECTION VII: SPILL OR LEAK PROC	EDURES Small spills of one gallon or less may permitted by local sewer regulations).	metals. Hazardous Polymerization: Will Not Occur be flushed with plenty of water to sanitary sewer system (If Dike and contain large spills with inert material and transfer liquid
SECTION VII: SPILL OR LEAK PROC Steps to be Taken in Case Material is Released or Spilled:	EDURES Small spills of one gallon or less may permitted by local sewer regulations) to containers for disposal. Keep spill	metals. Hazardous Polymerization: Will Not Occur be flushed with plenty of water to sanitary sewer system (If Dike and contain large spills with inert material and transfer liquid out of storm sewers and waterways.
SECTION VII: SPILL OR LEAK PROC Steps to be Taken in Case Material is Released or Spilled:	EDURES Small spills of one gallon or less may permitted by local sewer regulations) to containers for disposal. Keep spill	metals. Hazardous Polymerization: Will Not Occur be flushed with plenty of water to sanitary sewer system (If Dike and contain large spills with inert material and transfer liquid
SECTION VII: SPILL OR LEAK PROC Steps to be Taken in Case Material is Released or Spilled:	Small spills of one gallon or less may permitted by local sewer regulations) to containers for disposal. Keep spill Dispose of in compliance with all federal	metals. Hazardous Polymerization: Will Not Occur be flushed with plenty of water to sanitary sewer system (If Dike and contain large spills with inert material and transfer liquid out of storm sewers and waterways.
SECTION VII: SPILL OR LEAK PROC Steps to be Taken in Case Material is Released or Spilled: Waste Disposal Method:	Small spills of one gallon or less may permitted by local sewer regulations) to containers for disposal. Keep spill Dispose of in compliance with all federal INFORMATION	metals. Hazardous Polymerization: Will Not Occur be flushed with plenty of water to sanitary sewer system (If Dike and contain large spills with inert material and transfer liquid out of storm sewers and waterways.
SECTION VII: SPILL OR LEAK PROC Steps to be Taken in Case Material is Released or Spilled: Waste Disposal Method:	Small spills of one gallon or less may permitted by local sewer regulations) to containers for disposal. Keep spill Dispose of in compliance with all federal Information Not required with expected use.	metals. Hazardous Polymerization: Will Not Occur be flushed with plenty of water to sanitary sewer system (If Dike and contain large spills with inert material and transfer liquid out of storm sewers and waterways. eral, state and local laws and regulations.
SECTION VII: SPILL OR LEAK PROC Steps to be Taken in Case Material is Released or Spilled: Waste Disposal Method: SECTION VIII: SPECIAL PROTECTION Respiratory Protection: Ventilation:	Small spills of one gallon or less may permitted by local sewer regulations), to containers for disposal. Keep spill Dispose of in compliance with all federal NINFORMATION Not required with expected use. Provide good general ventilation. Local	metals. Hazardous Polymerization: Will Not Occur be flushed with plenty of water to sanitary sewer system (If Dike and contain large spills with inert material and transfer liquid out of storm sewers and waterways. eral, state and local laws and regulations. cal exhaust ventilation may be necessary for some operations.
SECTION VII: SPILL OR LEAK PROC Steps to be Taken in Case Material is Released or Spilled: Waste Disposal Method: SECTION VIII: SPECIAL PROTECTION Respiratory Protection: Ventilation: Protective Gloves(Specify Type):	Small spills of one gallon or less may permitted by local sewer regulations), to containers for disposal. Keep spill Dispose of in compliance with all feder IN INFORMATION Not required with expected use. Provide good general ventilation. Local Rubber or other impervious gloves ar	metals. Hazardous Polymerization: Will Not Occur be flushed with plenty of water to sanitary sewer system (If Dike and contain large spills with inert material and transfer liquid out of storm sewers and waterways. eral, state and local laws and regulations. cal exhaust ventilation may be necessary for some operations. e recommended when handling product.
SECTION VII: SPILL OR LEAK PROC Steps to be Taken in Case Material is Released or Spilled: Waste Disposal Method: BECTION VIII: SPECIAL PROTECTION Respiratory Protection: Ventilation: Protective Gloves(Specify Type): Eye Protection(Specify Type):	Small spills of one gallon or less may permitted by local sewer regulations), to containers for disposal. Keep spill Dispose of in compliance with all federal NINFORMATION Not required with expected use. Provide good general ventilation. Local Rubber or other impervious gloves ar Splash goggles are recommended with	metals. Hazardous Polymerization: Will Not Occur be flushed with plenty of water to sanitary sewer system (If Dike and contain large spills with inert material and transfer liquid out of storm sewers and waterways. eral, state and local laws and regulations. cal exhaust ventilation may be necessary for some operations. e recommended when handling product. nen handling product.
SECTION VII: SPILL OR LEAK PROC Steps to be Taken in Case Material is Released or Spilled: Waste Disposal Method: BECTION VIII: SPECIAL PROTECTION Respiratory Protection: Ventilation: Protective Gloves(Specify Type): Eye Protection(Specify Type):	Small spills of one gallon or less may permitted by local sewer regulations), to containers for disposal. Keep spill Dispose of in compliance with all feder IN INFORMATION Not required with expected use. Provide good general ventilation. Local Rubber or other impervious gloves ar	metals. Hazardous Polymerization: Will Not Occur be flushed with plenty of water to sanitary sewer system (If Dike and contain large spills with inert material and transfer liquid out of storm sewers and waterways. eral, state and local laws and regulations. cal exhaust ventilation may be necessary for some operations. e recommended when handling product. nen handling product.
SECTION VII: SPILL OR LEAK PROC Steps to be Taken in Case Material is Released or Spilled: Waste Disposal Method: BECTION VIII: SPECIAL PROTECTION Respiratory Protection: Ventilation: Protective Gloves(Specify Type): Eye Protection(Specify Type):	Small spills of one gallon or less may permitted by local sewer regulations). to containers for disposal. Keep spill Dispose of in compliance with all federal NINFORMATION Not required with expected use. Provide good general ventilation. Local Rubber or other impervious gloves ar Splash goggles are recommended with For further guidance see 29 CFR 191	metals. Hazardous Polymerization: Will Not Occur be flushed with plenty of water to sanitary sewer system (If Dike and contain large spills with inert material and transfer liquid out of storm sewers and waterways. eral, state and local laws and regulations. cal exhaust ventilation may be necessary for some operations. e recommended when handling product. nen handling product.
Steps to be Taken in Case Material is Released or Spilled: Waste Disposal Method: Respiratory Protection: Ventilation: Protective Gloves(Specify Type): Eye Protection (Specify Type): Other Protective Equipment:	Small spills of one gallon or less may permitted by local sewer regulations). to containers for disposal. Keep spill Dispose of in compliance with all federal NINFORMATION Not required with expected use. Provide good general ventilation. Local Rubber or other impervious gloves ar Splash goggles are recommended with For further guidance see 29 CFR 191	metals. Hazardous Polymerization: Will Not Occur be flushed with plenty of water to sanitary sewer system (If Dike and contain large spills with inert material and transfer liquid out of storm sewers and waterways. eral, state and local laws and regulations. cal exhaust ventilation may be necessary for some operations. e recommended when handling product. nen handling product.
